

PROFILE

My two goals in every situation are to find self-improvement and to inspire others. I have a strong passion for web and software development and have the great opportunity to be studying both of those fields within my computer engineering degree.

JACOB HEAD

Computer Engineering Student

EDUCATION

Memorial University of Newfoundland, St John's, NL

2019 - Present

Bachelor of Engineering with a major in computer engineering major
Currently enrolled in term 4 with a cumulative GPA of 3.51.

Exploits Valley High School, Grand Falls Windsor, NL

2016 - 2019

Graduated with honors with distinction.

WORK EXPERIENCE

TechNL, St. Johns, NL - Co-op Computer Engineering Intern

Jan 2021 – Apr 2021

Automated and designed webpages for various TechNL programs to create an efficient work environment and a better customer experience. Optimized TechNL's member database and integrated it into improved association management software.

S&S Auto Sales, GFW, NL - Auto Detailer

2019–2020

Analyzed, repaired, and restored vehicles with high attention to detail in a way that would attract customers to purchase from employer.

E.V. Soccer Association, GFW, NL Soccer Coach and Referee

2017–2018

Organized practices and used leadership skills to ensure my team learned soccer effectively and built relationships with their teammates.
